“ We feel very sorry that Bill is no longer among us. We met Bill first many, many years ago, when he came to Europe for the first time.

It was great for us to meet him once or twice during his annual trips to Austria and during all these years friendship has developed.

We are sure to have lost a real friend and want to express our sympathy to all your family.

“ Uncle Bill (Junior) had such a wonderful sense of dedication about everything. My thoughts and heartfelt sympathy to all my cousins and their children, and their children. Your dad and grandpa will be missed by many, but he is in the arms of many loved ones now. Please take comfort in that.

“ I have many fond memories from my years growing up in Park Falls - and the Beyers family was a huge part of that! Whether it was in church - us visiting their home or them visiting our home - Mr Beyers was there, with his kind and generous heart! Always showing interest in my life and being an encouragement to me. No matter how many years went by- or how long it had been since I last saw him - his face

would always light up when he saw me, he'd give me a big hug! Our loss is truly Heaven's gain!!

“ I have to admit that I was a little scared of my Uncle Bill when I was very young, because I thought he seemed so big! But I came to know him as a man who loved God and his family, loved being outdoors and sharing nature with others, loved fun and telling stories. He was a warm-hearted man who embraced life wholly, and I will miss him.

“ When I think of Bill, I think of a man who was faithful to the Lord. Even in the past couple years, he was still sharp, still thinking of others, still praying. He was someone who impacted my life in a positive way for Christ, from the days as a young believer up until now. Thank you, Bill, for being faithful to the Lord. Enter into the joy of your Lord!

“ I loved Uncle Bill and his stories. I remember Uncle Bill playing a "growling bear in the woods" with my little brother who loved every minute of it! Bill wrote many interesting letters about his life and family. They could be compiled in a book.

“ I first meet Bill when working at the Forest Service. He appeared bigger in life since he was a "Staff Officer" and I was on the lowest end of the scale. And he scared me. But as the years went on, we became co-workers but most importantly, friends. He shared himself more so than ever after the love of his life, Clarabelle, passed away. He was a strict man in his believes in God and was willing to share those readily.

After our retirements, we became involved with The Lord's Cupboard. Bill was called "our potato man". He use to purchase, deliver, share, approx. 1000# to our pantry and also

Phillips pantry almost every month or two. He never wanted any recognition in doing this task. We were always grateful for his generous gifts.

I was blessed to know Bill - he is resting in God's arms.

“ I met Bill in July 1963 when he came through on a project for the Forest Service on a bus from Duluth. I went down to the bus station to pick him up but no Bill and the driver assured me there was no Bill. So back to the office. About a half hour later, Bill walked in carrying a very heavy suitcase. Turned out there were two buses from Duluth that day. It was very hot and Bill showed signs of the heat. For some reason he did not seem amused by our explanation. .

I eventually returned to Park Falls so Bill was a valued associate in our office for nearly 10 yrs. And I can assure you that my children valued the beach and trails associated with his house on Butternut Lake. When I told them of Bills's passing, they told of their many happy memories of playing there with the Bill's children.

We kept in contact through the years, the last by email in July. I was in the area at the time but we missed connections so I did not visit, something that I will regret for a long time.
